

20 June 1983

MEMORANDUM FOR THE RECORD

SUBJECT: Open House for McLean Citizens re New CIA Building -
28 June 1983, 6:30 p.m. in the Auditorium

1. A meeting was convened today at 10:30 a.m. in the A/DDA's office to discuss plans for the open house on 28 June 1983. The following were in attendance:

Jim McDonald, A/DDA

Dan King, D/OL

Chief/Building Planning Staff/OL

Deputy Chief of Operations/OS

Chief/Physical Security Division/OS

Chuck Wilson, Chief/Public Affairs Division/OEXA

Legislative Liaison Division/OEXA

Deputy Director/OEXA

2. The following was decided:

-An Agency notice will be issued on the open house which will request that the area near the auditorium be cleared by 6:00 p.m. on 28 June.

-There will be no food/drinks after the open house but everyone will be encouraged to stay to ask questions, look at the model of the new building, etc.

-The DDA or the A/DDA will be the moderator.

-Pat Bennett, Office of Rep. Wolf, will send ⁶⁵⁰~~500~~ invitations (based on request of each Association for invitations for respective memberships). OL will have numbered blue tickets printed up. The tickets will be given to Pat to include one ticket with each letter. Admission will be by ticket only - recipients can keep the tickets. OS will need samples of the tickets to provide to the gates.

-No tape recorders will be allowed on the premises.

-Only local press will be invited. Pat will handle the inviting.

-The model of the new building will be set up in front of the stage.

- No foreign nationals will be permitted on the compound.
- Informational packets will be available off to the side for people who want them.
- The following will be in attendance in addition to the McLean citizens:

Representative Frank Wolf (R., VA)
Pat Bennett, Office of Rep. Wolf
Nancy K. Falck, Fairfax County Board of Supervisors
(Dranesville District)
John Burns, Supervisor of the GW Parkway
T. Eugene Smith, Virginia Highways Commission
Glen Urquhart, Chairman/National Capitol Planning Commission
Representative from Senator Warner's staff

- Various myths that have grown up include:

- a. a huge reception building would be built on Route 123 and there would be tourist buses lined up waiting to get in,
- b. that VEPCO planned a new overhead power line into the area,
- c. that damaging radiation would emanate from the new building,
- d. that large elevated ramps would be constructed over Route 123, and
- e. that no one uses the Parkway.

[redacted] retirement party is scheduled for 28 June at 5:30 p.m. in the Executive Dining Room, FYI. People attending the party will be asked to park in A lane.
